

B/E AEROSPACE TRANSPORTATION ROUTING UPDATE

November 2008

Dear Valued Supplier:

Important Information for All B/E Aerospace Suppliers

We are proud that we work closely with our suppliers to provide the most reliable products and services. That is why we have renewed our agreement with FedEx as the preferred carrier for all inbound small package shipments, weighing less than 150 lbs., to our facilities. We also are pleased to announce that less-than-truckload (LTL) shipments are now included in this program. Effective immediately, all small package shipments and LTL shipments should be sent via FedEx to all B/E Aerospace (M&M Aerospace) facilities.

Routing Instructions

The enclosed routing guide was designed to assist you in selecting the right service and billing option when shipping to B/E Aerospace. We trust that you will keep this information for future reference. As a shipper, you will need your own FedEx account number to schedule pickups and create shipping labels. If you do not have a FedEx account, go to **fedex.com** or call 1.800.GoFedEx 1.800.463.3339 to set one up.

Shipping Questions

If you have questions about shipping with FedEx or need assistance in getting set up to ship via FedEx, call the FedEx Vendor Activation Desk at 1.866.883.9290 (toll-free), Monday through Friday, 8 a.m. to 5 p.m. CST. The representatives are ready to help you ship to B/E Aerospace and can walk you through creating a FedEx Ground® COLLECT shipping label. Shipping information is also available at **fedex.com**, or call 1.800.GoFedEx 1.800.463.3339 anytime.

Compliance

When shipping terms allow, B/E Aerospace will pay the shipping costs for packages shipped to our facility, or drop-shipped at our request, when the routing guidelines are followed. Costs associated with any other method or shipment that falls outside of these guidelines will not be paid by B/E Aerospace and will be the responsibility of the shipper. Accessorial fees, such as FedEx Ground pickup fees, are the responsibility of the shipper.

B/E Aerospace is dedicated to innovation and superior customer service. If you have any questions regarding an order, please contact your buyer directly. A copy of the routing guide is also available at **beaerospace.com/supplieraccess**. We value you as a supplier and trust this process will enhance our partnership. Thank you for your cooperation and support.
